GIRLS TEAM MANUAL Pre Team, Levels 3 & 4 Levels 5-10 & Xcel 2023 – 2024 SEASON

KEY POINTS: Most Discussed Topics

Expectations of a World Cup Gymnast

- Call the gym if you cannot attend a workout.
- Make-ups must be made at least 24 hours in advance and must be confirmed with the Head Coach to make sure there will be room in the group. First come, first serve.

Competition Rules for World Cup Gymnasts and Parents

- Meets are generally held on the weekends or Fridays. Details concerning the specific day and time of the session each athlete's level will be given to parents as soon as they become available. As a general rule, the host gym cannot determine these details until all entries for the meet have been received and the numbers of gymnasts are broken down into their proper levels and age groups.
- A parent may never approach a judge before, during, or after the competition to comment on, complain about, or even inquire about a score.
- Under USAG rules, only USAG professional members, judges and persons assigned to assist with the competition are allowed on the competitive floor. Parents shall never come on to the competitive floor unless requested to do so by a judge or by one of our coaches.
- Please do not contact or talk to your gymnast once they are on the competitive floor. We want them to focus all their energy on the competition with as few distractions as possible.

Special Rules and Policies for Parents

- Ruled by USAG, please stay in the viewing areas. No parent is ever permitted on the gym floor during a practice, private lesson or a competition. Your unauthorized presence on the gym floor creates distractions for both you and the gymnasts who are performing their skills. If you need to contact your gymnast, the front desk will deliver your message to the coach or directly to your daughter.
- Please do not coach your child: if you have a concern or suggestion, talk with the coach after class.
- Please check the team bulletin board every day before you leave the gym or instruct your gymnast to do this herself. This, along with e-mails, are the most effective ways for the coaches to communicate information with the team parents.

Conferences with Coaches

If you have an issue of concern with a coach, you are asked to try and resolve that issue with that specific coach first. Respectful tone and positive communication will resolve most of the issues at hand. Appointments with coaches can be made in person before or after practice, at the front desk or by e-mail. Meetings will be scheduled during business hours. In most cases, coach conferences will not be possible without an appointment. If the matter has not been resolved, only then should a meeting be set up with both that coach and the Head Coach. The director will only be involved if the matter becomes necessary.

Injured athletes who are unable to practice will be given a credit on their account with a doctor's note. One you feel better, you are expected to participate in practice to the highest possible degree. It is often possible to work around injuries and to turn a difficult time into something positive by increased work on flexibility, strength, specific events, or specific skills. Athletes who miss a month or more will be required to submit a release from a doctor in order to return to 2 hr Rehab training.

Monthly Tuition Fees & Schedule

We have the suggested numbers of days per week it will take to be successful at that specific level. World Cup will provide a specific schedule for your athlete that is most suited for her Level and ability. Athlete's schedules can be altered by the Head Coach if there is a religious education conflict. Documented proof is required to review. Other schedule conflicts may not be accepted. Only the Head Coach can give permission to alter your schedule.

Monthly tuition fees are due within the 1st week of each month

Summer Training

Gymnastics is a 12-month per year sport. We understand families take vacations during the summer months, but we recommend gymnasts not be out of the gym more than three weeks total during the summer. Those gymnasts who do not train at World Cup during the summer may require a re-evaluation of their skill level in September.

- **Summer Monthly Tuition**

Monthly billing will continue as usual, but we will credit your account for missed weeks due to attending other summer **gymnastics camps**. Proof of camp records or receipts will be needed for credit. If you will be away from the gym due to family vacation for more than 3 weeks you will be credited your monthly tuition, but will be charged a \$25.00 monthly reservation fee per calendar month to ensure your child has a spot on the team and hold her locker. Refer to the **Monthly Tuition** section of the manual which sets forth our guidelines regarding absences from the gym. Special Permission from the Director will be needed to consider any other credits to your account.

Private Lessons

Private lessons are optional and are not required by World Cup. Private Lesson with other coaches other than your current Team Coaches requires permission from the Head Coach. Fees will be specified by the coach and payment is due at the time of the lesson. Lessons will only be scheduled during business hours. Private Lessons may not be a substitute for regular workout times. **Tuition Fees must be up to date for any gymnast to be allowed to book a Private Lesson. No outstanding balances are allowed. There are no exceptions.**

- **Team Banquet**

Each year, we hold an end-of-season Team Banquet, usually at a local restaurant in mid-June. The cost of the banquet is paid for by World Cup for the **gymnasts and coaches only**. Parents and siblings will be charged for their participation.

World Cup Gymnastics Girls Team Manual

Congratulations on choosing gymnastics for your sport and welcome to our team program. Gymnastics is one of the greatest physical and mental building activities in which a young person can be involved. A study of college athletes testing the components of physical fitness showed that gymnasts proved to be amongst the most physically fit. Please take time to **read and understand the information presented in this manual.** NEW MEMBER Registration Forms are located on our website at www.worldcupgymnastics.com on the Girls Team page and is valid from Sept 1 – Aug 31.. Your registration submission indicates that you have read, understand and accept the terms and responsibilities outlined in our team manual, which is required before accepting a place on our team.

Any outstanding bills must be paid in full by August 31 to be allowed to train in the new season.

As a gymnast, some of the physical attributes that you can expect to develop are strength, flexibility, endurance, coordination, agility and grace. In addition, the rigor and discipline of gymnastics will build mental capabilities such as self-motivation, tenacity, patience, courage and a positive self-image. Consequently, our goal at World Cup is to enable you to reach your greatest physical and mental potential. With these goals in mind, World Cup has been providing team instruction since 1989.

Philosophy of our Team Program

Team competition is very important to us at World Cup. Although gymnastics is sometimes viewed as an individual sport, we try to encourage the importance of individual competition while working as a Team. We will emphasize the importance of team participation in our training, competitions and celebrations.

Becoming a Team Member

Team Members are normally selected from our class programs. However, from time to time, gymnasts come to us from other team programs. In these cases, each gymnast is invited to train with us for a week at which time she will be evaluated for her appropriate USAG level that our coaching staff will determine.

Mobility within USAG Levels

World Cup is dedicated to developing happy, healthy, confident and successful athletes. To meet this goal gymnasts are placed at the level at which they can comfortably and safely perform the skills and routines on all four events. We will never ask or expect our athletes to perform skills or routines which they cannot perform consistently in practice. World Cup coaches design skill requirements in order to advance from level to level.

Since skill level generally determines the level of competition, this is the deciding factor in determining the level at which each athlete will compete. All Around scores from the prior year, although an important tool to determine level, are not the deciding factor.

ABC's of Gymnastics

It is very important that our gymnasts master the basic skills at each level with proper form and technique which helps lower the risk of injury. Our experience has taught us that taking the time with the basics provides the best learning tool for more advanced skills. A gymnast who moves through the levels prematurely will find that each level becomes more difficult until she finds herself falling further and further behind. This causes frustration, low self-esteem, and usually leads to gymnasts leaving the sport. Our goal is to allow each athlete to progress through each level at their own pace so that by the time they graduate they are prepared to compete at the college level.

Expectations of a World Cup Gymnast

- Treat coaches, other gymnasts and everyone associated with World Cup with respect.
- Attend all practices, competitions, and special events.
- Call the gym if you cannot attend a workout.
- Make-ups must be made at least 24 hours in advance and must be confirmed with the Head Coach to make sure there will be room in the group. First come first serve.
- Arrive on time and stay until practice is over. It is important to be on time for practice to get a full warm-up. A proper warm-up is necessary to prevent strained muscles and serious injuries.
- Athletes are not allowed in the coach's office unless they have permission for use of computers, microwave, etc.
- Do not enter the gym floor area before scheduled practice time unless you have your coach's permission.
- Work hard and try your best at every workout.
- Do not share locker combination information with others. You are responsible for what is in your locker. Combination information is kept at the front desk.
- Ask permission to leave your event or the facility. This applies to leaving practice early, going to the restroom, getting something from your locker, etc. The main reason is so that your coach knows where you are at all times.
- Do not throw any objects (such as balls, foam blocks, sticks, etc.) around in the gym. Throwing objects is a distraction to yourself and another gymnasts.
- Tell your coach when your body is telling you to stop or slow down. Inform your coach if you are sick or on medication or injured.
- Provide your body with healthy food and drink at all times. Avoid junk food.
- Do not bring food into the locker room. It is forbidden by the Board of Health. Leave snacks in the lunch room.
- Try to maintain a weight that is appropriate for your level of gymnastics skills. Overweight or underweight gymnasts will be affected with your skill progress.
- Always wait inside for your ride. Be sure that your parents always know what time your workout is over and can pick you up in a timely manner.
- Every athlete will wear a leotard with or without spandex shorts for training (no regular shorts, t-shirt or jewelry are allowed). Hair must be pulled back in a pony or a bun.
- Every gymnast will be required to attend all meets for their respective levels that are selected by the coaches including State, Regional and National competitions for which they qualify.
- Any use of social media must be appropriate and respectful of others.
- No cell phones, gum, soda, coffee or food in the gym.

Competition Rules for World Cup Gymnasts and Parents

- **Tuition Fees and Meet Fees must be up to date** for any athlete to be entered into a competition. **No outstanding balances are allowed. There are no exceptions. Meet fees are collected ½ in Oct and ½ in Nov.**
- Arrive at the competition 20 minutes prior to the scheduled stretch time.
- Upon arrival, report to the coaches immediately. You will not be allowed to leave the team group until the competition has ended.
- Hair should be neatly pulled back with the proper hair ribbons and scrunchies. Coaches will instruct gymnasts as to the best way to wear their hair.
- Gymnasts will wear their World Cup team leotard at all competitions including competitions that have finals. No fingernail polish or jewelry, other than post earrings, is allowed on the competitive floor. Sports bras, including matching ones, may not show.
- Gymnasts should have an extra set of broken-in grips and a copy of their optional floor music at practice and at meets.
- Gymnasts are encouraged to cheer for their teammates and be courteous to gymnasts from other teams.
- Gymnasts will always show respect for the judges and other coaches at the competition.
- Gymnasts will stay at their event until the last athlete has finished the competition and the coach has given permission to move about.
- Gymnasts will stay for awards and always wear either their team leotard or warm up. Gymnasts may not wear jeans or other street clothes on the awards stand.

- Meets are generally held on the weekends or Fridays. Details concerning the specific day and time of the session each athlete's level will be given to parents as soon as they become available. As a general rule, the host gym cannot determine these details until all entries for the meet have been received and the numbers of gymnasts are broken down into their proper levels and age groups.
- It is the parent's responsibility to bring their gymnast to a meet fed and well-rested.
- If parents are unable to attend a meet with their gymnast, they are required to notify the coaches so other arrangements can be made to transport the gymnast to and from the meet.
- A typical meet, including stretch, warm-up, competition and awards may last from 4 to 5 hours. Team parents should be aware of the time put aside for competitions.
- During meets, feel free to cheer loudly and often for all members of our team and for any great performance that you see.
- A parent may never approach a judge before, during, or after the competition to comment on, complain about, or even inquire about a score.
- Under USAG rules, only USAG professional members, judges and persons assigned to assist with the competition are allowed on the competitive floor. Parents shall never come on to the competitive floor unless requested to do so by a judge or by one of our coaches.
- Please do not contact or talk to your gymnast once they are on the competitive floor. We want them to focus all their energy on the competition with as few distractions as possible.
- In case of an injury during the competition, please wait for your coach to give an indication that you should come onto the competition floor. In most cases the injury will be relatively minor and the coach and/or trainers will take care of it.
- Please think about what you say to your child before and after the competition. Your child only wants your love and praise for their performance no matter the outcome.
- Meet entry fees are submitted and paid for months in advance of the meet. **Meet Refunds** can only be given sixty (60) days prior to the scheduled meet date. If we receive the refund we will credit it to your account. Please do not subtract the entry fee from your monthly tuition.
- Team parents are responsible for all of their gymnast's meet expenses such as transportation, meals, hotel, etc.
- Parents wishing to place an individual or team ad in a meet program may do so at their own expense. The gym will not pay for these ads.

A gymnast may be scratched from an event or the entire meet if the coaches feel that the gymnast cannot compete the skills safely. An extremely poor attitude and behavior may also be a reason that a coach may scratch a gymnast at a meet. **Any gymnast who misses practice the week prior to a meet will be advised to not compete.**

Special Rules and Policies for Parents

Parents are as much a part of our team as the gymnasts and coaches. We encourage all parents to attend every competition and to be involved fully in your gymnast's program. However as parents you should also be aware that as a member of the team you are representing World Cup at all times. With that in mind, a few guidelines are appropriate:

- Ruled by USAG, please stay in the viewing areas. No parent is ever permitted on the gym floor during a practice, private lesson or a competition. Your unauthorized presence on the gym floor creates distractions for both you and the gymnasts who are performing their skills. If you need to contact your gymnast, please ask the front desk to deliver your message to your daughter's coach or directly to your daughter.
- Promote World Cup Gymnastics in every way that you feel is appropriate. Refer from speaking badly about our club, another club, coach, gymnast or judge.
- Please do not coach your child: if you have a concern or suggestion, talk with the coach after class.
- You shall never approach and reprimand another parent's child. Let the coaches and child's parents address any issue with that child.
- Please check the team bulletin board every day before you leave the gym or instruct your gymnast to do this herself. This, along with e-mails, are the most effective ways for the coaches to communicate information with the team parents.
-
-

-
- Support your daughter's gymnastic team by volunteering your time at Home Meets. Hosting competitions is a way for us to build up the Girls' Team Fund which helps pay for such things as our Team Banquet expenses, Coaches Clinics, and new equipment specifically for the Girls Team. A good portion of the team fund comes from the entry fees, spectator admissions, concessions and raffles. **We are always in need of help with setting up the gym, putting the gym back in order, admissions, concessions, donated baked goods, beam timers, and judges' assistants.** Your help is always appreciated and it is crucial to the success of our meets.

Conferences with Coaches

If you have an issue of concern with a coach, you are asked to try and resolve that issue with that specific coach first. Respectful tone and positive communication will resolve most of the issues at hand. Appointments with coaches can be made in person before or after practice, at the front desk or by e-mail. Meetings will be scheduled during business hours. In most cases, coach conferences will not be possible without an appointment. If the matter has not been resolved, only then should a meeting be set up with both that coach and the Head Coach. The director will only be involved if the matter becomes necessary.

Child Disciplinary Policy

In most cases, discipline problems are minor and will be given verbal warnings during the workout. If the behavior continues the girls will be asked to leave the gym floor and wait by the half wall for 5 min. If the discipline problem becomes a pattern, a coach's conference with the parents will be scheduled.

Safety and Handling Injuries

Gymnastics, as with most sports, has the potential for injury. Being aware of this, we make every effort to maintain a safe environment for our athletes. Special attention is paid to proper equipment and training devices. However, daily conditioning and consistent attendance at practice provides the greatest barrier to injury. If your child is complaining of pain, etc., please notify your child's coaches and allow them to recommend the first course of action. If a doctor's visit is warranted, please inform coaches of the appointment, diagnosis, and treatment. Usually minor injuries can be handled by modifying your training routine. This should always be our first approach toward a successful recovery. Attendance at practice for 2 hr Rehab training is expected, to insure you don't fall behind, and continue a rapport with your coaches and teammates.

Injured athletes who are unable to practice will be given a credit on their account with a doctor's note. One you feel better, you are expected to participate in practice to the highest possible degree. It is often possible to work around injuries and to turn a difficult time into something positive by increased work on flexibility, strength, specific events, or specific skills. Athletes who miss a month or more will be required to submit a release from a doctor in order to return to training.

2hr Injury Rehab Training:

When your doctor has given you clearance to return to practice, you will be given a 2hr Injury Rehab Training to follow. Coaches will describe and explain the specific conditioning exercises until you are able to perform them without assistance. Coaches will continue to monitor your conditioning exercises while also coaching their group. The Head Coach will determine, based on the severity of your injury, if you should be following the Injury Rehab Training 2 or 3 times per week. Conditioning hours will be 5:30pm-7:30pm. Your tuition will be adjusted to reflect the change in practice hours per week.

Private Lessons are not allowed to replace the Injury Rehab Training days.

The Head Coach will have the authority to make any adjustments deemed necessary to the Injury Rehab Training.

*** You have the option to forgo the Injury Rehab Training until you are fully healthy to resume normal practice. If you choose this option, Private Lessons are not allowed during this period.*

Tuition Fees

The decision to join the World Cup Team is considerable and reflects a billed monthly tuition.

- **Monthly Tuition Fees & Schedule**

Below are the suggested numbers of days per week it will take to be successful at that specific level. World Cup will provide a specific schedule for your athlete that is most suited for her Level and ability. Athlete's schedules can be altered by the Head Coach if there is a religious education conflict. Documented proof is required to review. Other schedule conflicts may not be accepted. Only the Head Coach can give permission to alter your schedule.

Pre Team 4:00pm-5:30 Fall & Spring 4:00pm-5:30 Summer	1 x per week (1.5 hrs per wk)	\$142.50 monthly
	2 x per week (M/W) or (T/TH) (3 hrs per week)	\$285.00 monthly
Prep L3, Level 3 & Level 4 4:00pm-6:00 Fall & Spring 4:00pm-6:00 Summer	2 x per week Mon-Fri (4hrs per wk)	\$350.00 monthly
	3 x per week Mon-Fri (6hrs per wk)	\$410.00 monthly
	4 x per week (Lev 4 only) (8 hrs per week)	\$455.00 monthly
Levels 5 – 10 & Xcel 5:30pm-8:45pm Fall & Spring 12:30pm-4:00pm Summer	2 x per week (Xcel only) (6.5 hrs per week)	\$445.00 monthly
	3 x per week (L5-7 & Xcel) (9.75 hrs per week)	\$475.00 monthly
	4 x per week (L7-10) (13 hrs per week)	\$500.00 monthly
	5-6 x per week (Lev 8-10 only) (16+ hrs per week)	\$520.00 monthly

Tuition fees are based on a four-week month, which is a total of 48 weeks a year. Thus, there are four unbilled weeks in the year that should more than cover absences due to illness, injury, vacation, holidays, school conflicts and cancellations due to inclement weather.

Monthly tuition fees are due within the 1st week of each month and may be paid by cash, check or credit card. We offer a stress-free automatic debit and/or credit card payment option. Automatic debit forms are available in the office. (If paying by cash, check or debit card, **a credit card is REQUIRED to be on file** in the office. If the monthly tuition has not been paid by the 15th of the month then the monthly tuition will be charged to your credit card on file.) Accounts that have not been paid after the 7th of the month will automatically incur a late fee of \$25.00. (This would only happen if the credit card on file has been declined.) Please update any changes to your debit card and/or credit card that we have on file so that your payments will go through smoothly. There is a \$25.00 fee for all returned checks. Families with two or more children on the team will receive a 10% discount on the siblings' tuition. **If you have an outstanding balance for more than 15 days your child will not be allowed to participate in Team practice until that balance is paid in full. No exceptions. You will be given a courtesy phone call if this applies to you.**

Scholarship Forms are available for families who need financial assistance. Management will review all required forms and decide what your financial aid will be.

Thirty (30) days notice is required when a gymnast leaves the program. Any charges incurred during these 30 days must be paid in full. This notice must be given by the 10th day of the month. Any notice given after this date, may result in full tuition charges for that month.

Summer Training

Gymnastics is a 12-month per year sport. We understand families take vacations during the summer months, but we recommend gymnasts not be out of the gym more than three weeks total during the summer. Those gymnasts who do not train at World Cup during the summer may require a re-evaluation of their skill level in September.

- **Summer Monthly Tuition**

Monthly billing will continue as usual, but we will credit your account for missed weeks due to attending other summer **gymnastics camps**. Proof of camp records or receipts will be needed for credit. If you will be away from the gym due to family vacation for more than 3 weeks you will be credited your monthly tuition, but will be charged a \$100.00 monthly reservation fee per calendar month to ensure your child has a spot on the team and hold her locker. Refer to the **Monthly Tuition** section of the manual which sets forth our guidelines regarding absences from the gym. Special Permission from the Director will be needed to consider any other credits to your account.

- **World Cup Membership Fee/Insurance**

The gym must have general property and professional liability coverage in order to operate. Each student who receives instruction at World Cup Gymnastics must be covered by this insurance. The annual membership fee per student is \$50.00 and is valid from Sept 1 – Aug 31.

Fees for Competition

- **Meet Entry Fees and Coach's Expenses**

All meet entry fees and expenses incurred for attending meets are the responsibility of the team parents. Meet fees for competing gymnasts are estimated at \$800.00 for the year. This amount must be processed ½ on Oct. and ½ in Nov. This money is kept in an account for you during the competition season so that it is available for use each time your gymnast is entered in a meet. A portion of this money is also used for coach's transportation, meals, parking and hotel expenses. Since these cost factors fluctuate, this estimated meet fee may not be sufficient. In this case, you will be billed in June for the additional amount required. If the estimate exceeds actual expenses, the excess amount will be applied as a credit to your next month's tuition.

Meet entry fees are submitted and paid for months in advance of the meet. **Meet Refunds** can only be given sixty (60) days prior to the scheduled meet date. If we receive the refund we will credit it to your account. Please do not subtract the entry fee from your monthly tuition.

- **USAG Membership**

Each competitive gymnast is required to become a member of USA Gymnastics. USAG is the governing body for competitive gymnastics in the United States. Each World Cup team member must have a valid USAG membership in order to compete in USAG sanctioned meets. The cost of a one-year membership is approximately \$69.00 (This may increase yearly.) World Cup USAG # is 25575.

- **Uniforms and Apparel**

All competitive team members are required to purchase a team leotard, warm-up jacket & pants, World Cup gym bag, grips and tape. The following are approximate costs for these items and are subject to change:

Custom Team competition leotard \$ 240 (Mandatory) Team competition leotards should not be worn for regular workouts.

Custom Warm-up Jacket & Capris \$145.00 (Mandatory)

World Cup Backpack \$70.00 (Encouraged, but not mandatory)

Grips \$45.00 Please ask your coach for sizing and purchasing information.

Wrist Guards \$20.00 Please ask your coach for sizing and purchasing information.

Tape & Pre Wrap \$5.00 per roll. Sold at our Pro Shop, Athletic stores or most drug stores like CVS.

Your child's name must be put on all gymnastics attire, gym bag, grips, and personal items. The gym is not responsible for lost or misplaced items. Marking all items with names enables us to return "found" items to their proper owners. Do not leave any belongings in the gym.

- **Optional Floor & Beam Routine Choreography**

When a gymnast advances to Level 6 or above, customized floor and beam routines are required. Our coaching staff will recommend a choreographer and time will be scheduled for the new routine. Fees may vary depending on the choreographer used and the event. An estimated cost to create a customized floor routine is around \$400.00 which includes the music and 3 private lessons to learn the new routine. These are typical costs associated with choreographed routines in women's gymnastics. **Tuition Fees must be up to date for any gymnast to be allowed to book a routine choreography. No outstanding balances are allowed. There are no exceptions.**

- **Meet Traveling Costs**

All athletes and their families will be responsible for their own travel expenses to competitions. Each family will need to make their own hotel and travel arrangements. The gym will provide host hotel information and times of competitions as soon as this information becomes available. World Cup gymnasts must always travel with a parent or legal guardian or in a pre-arranged situation with another family. Under no circumstance is a gymnast allowed to travel with a coach to an event unless another adult is present and the arrangement has been approved by the Head Coach.

Other Fees

- **Unused Locker Rental**

If a team gymnast is out of the gym for any reason for more than one month and continues to use a locker space, then a \$25.00 per month locker rental fee will be applied. (No exceptions)

- **Private Lessons**

Private lessons are optional and are not required by World Cup. Private Lesson with other coaches other than your current Team Coaches requires permission from the Head Coach. Fees will be specified by the coach and payment is due at the time of the lesson. Lessons will only be scheduled during business hours. Private Lessons may not be a substitute for regular workout times. **Tuition Fees must be up to date for any gymnast to be allowed to book a Private Lesson. No outstanding balances are allowed. There are no exceptions.**

- **Team Banquet**

Each year, we hold an end-of-season Team Banquet, usually at a local restaurant in mid-June. The cost of the banquet is paid for by World Cup for the **gymnasts and coaches only**. Parents and siblings will be charged for their participation. Approximate cost has been \$45 per person.

- **Summer Team Camp**

Not to be substituted for regular team practice.

Team gymnasts Levels 4 through Level 10 will have the opportunity for additional training from 9:30am-12:30pm Mon. – Fri. You can choose as many days as allowed during the 9 week summer camp. We can accommodate a maximum of 8 athletes per day. Online Registration only and the date will be made available in May. Information will be made available to parents regarding the exact date. **Level 6-10 gymnasts will only be allowed to choose Mon, Wed & Fri while Level 4-5 gymnasts will only be allowed to choose Tue & Thur.** Reserved spots will be taken in the order that they are submitted.

Payment will be **processed after each week of camp** for all athletes who have signed up. If your child's name is on the sign-up sheet more than 48 hrs before the class, you will be responsible for payment whether you are in attendance or not because you are holding a spot that someone else could have used. Parents should check regularly to make sure your selected dates are valid or to sign up for more open dates. **Tuition Fees must be up to date for any gymnast to be allowed in Team Camp. No outstanding balances are allowed. There are no exceptions.**

Summer Team Camp Cost:

\$45 per Day

APPENDIX A

A Brief Description of the Levels in the USAG

The USAG is the largest gymnastics organization in the USA and is the organization responsible for the selection of our Olympic and National Team Members. Most gymnasts in the USA compete in the Junior Olympic Program which allows the athletes to compete at State, Regional and National competitions.

Compulsory Levels

The New York State Chairman sets compulsory state mobility scores every year. World Cup coaches design skill requirements in order to advance from level to level. Gymnasts may not skip levels.

- **Pre Team:** Young talented athletes ages 5-7 are selected to participate in the beginning process of developing skills to one day move to the competitive team. At such a young age we primarily look for natural strength, natural flexibility, strong listening skills, and a love for the sport.
- **Level 3:** This is World Cup's first level for competitions. Gymnasts who have full routines will compete compulsory routines with a low-level range of foundational skills. Specific routines have been created by USAG and every athlete will compete the exact same routine. Form and amplitude are what separate the great routines from the good routines. Competitions include States only.
- **Level 4:** In this level gymnasts compete compulsory routines with a mid-level range of foundational skills. Specific routines have been created by USAG and every athlete will compete the exact same routine. Form and amplitude are what separate the great routines from the good routines. Competitions include States only.
- **Level 5 :** This is the highest level of compulsory routines with a high-level range of foundational skills. Specific routines have been created by USAG and every athlete will compete the exact same routine. Form and amplitude are what separate the great routines from the good routines. Competitions include States only.

Optional Levels

These gymnasts are able to choose a variety of skills from each element group that fulfills the 4 major requirements. Also needed are a wide range of high value, medium value and low value skills. The harder the skill, the higher the value.

- **Xcel:** Those optional gymnasts who are unable to perform the higher level requirements will compete in this parallel program to USAG Levels. This competition program will allow your child to compete optional gymnastics without the strict requirements needed in USAG Levels. **This competition program is to be run parallel with Optional USAG Levels. These athletes can progress into Level 7, 8 and higher.**
- **Level 6:** In this level gymnasts compete low level optional routines that have 4 major requirements, 1 mid level skill and a start value of 10.0. Competitions include States only.
- **Level 7:** In this level gymnasts compete mid level optional routines that have 4 major requirements, 2 or more mid level skills and a start value of 10.0. Competitions include States only.
- **Level 8:** In this level gymnasts compete high level optional routines that have 4 major requirements, 1 or more high level skills and a base score of 10.0. Bonus skills are not needed, but encouraged to place high in the rankings. Competitions include States and Regionals.
- **Level 9:** In this level gymnasts compete high level optional routines that have 4 major requirements, 2 or more high level skills and a base score of 9.7. Bonus skills are needed to reach a 10.0 start value. Competitions include States, Regionals and Nationals.
- **Level 10:** This is the top level in the USAG Junior Olympic Program. Gymnasts compete very high level optional routines that have 4 major requirements, many high level skills and a base score of 9.5. Bonus skills are needed to reach a 10.0 start value. Competitions include States, Regionals and Nationals. Gymnasts who qualify to the Junior Olympic National Team may be selected to compete internationally.
- **Elite:** This is the top level in gymnastics. Less than 1% of the athletes in USAG will ever compete at this level. Olympic and National Teams are selected from this level.

APPENDIX B

College Bound

Receiving a college scholarship to compete in college gymnastics is a very worthwhile goal. There are approximately 80 universities in the USA that offer athletic scholarships in gymnastics.

We will assist our athletes in their search for a scholarship or a college to attend. There are things that a gymnast and her family can do to help with the process.

- Produce a video collage on Youtube or another platform during your sophomore and junior years for college coaches to be able to review. Each video should include 2 – 3 of your best routines on each event and many high level individual skills.
- Prepare a resume to include GPA, SAT results as well as scores from recent competitions and a list of new skills on which you are working. The NCAA Clearinghouse will require at least a 2.5 GPA and 700 SAT score.
- Select the colleges in which you are interested and write to them during your sophomore and junior years. When selecting schools, please be realistic concerning your abilities and skill level.
- Maintain good physical condition and do your best during your sophomore and junior years. These are the crucial years when the college coaches are making their decisions. Most college coaches have made their decision before your senior year in high school although some athletes may still have an opportunity to catch a coach's eye.
- World Cup coaches can contact college coaches for any of our athletes. We will answer all questions honestly and as positively as we can.

Some NCAA Recruiting Rules

- After September 1st of your junior year, colleges may send you correspondence by mail only. You may write to them as often as you want.
- After July 1st following the completion of your junior year, college coaches may call you once a week and visit your gym or home. You may call them as often as you want.
- After September 1st of your senior year, athletes may visit the colleges with a maximum of five official visits. If a college invites you on an official visit they will pay for all your expenses to visit the school for a weekend. These visits are usually set up in September and October of your senior year. You may make as many unofficial visits as you want.
- November of your senior year is the early signing date. April of your senior year is the late signing date. Check with your school to determine the actual dates.

NCAA Rules Change: If you have any questions about the NCAA rules and eligibility call 1-800-638-3731 or visit their website at www.ncaa.org.

ACCEPTING THE COMMITMENT

NEW MEMBER Registration Forms are located on our website at www.worldcupgymnastics.com on the **Girls Team page** and are valid from **Sept 1 – Aug 31**. Your registration submission indicates that you have read, understand and accept the terms and responsibilities outlined in our team manual, which is required before accepting a place on our team.

If you have any questions of any nature, please contact:

Jenna Mundree, Girls' Team Head Coach at (914)238-4967 ext 26

Jason Hebert, Director of World Cup Gymnastics at (914) 238-4967 ext 23
