

World Cup Gymnastics Earns Multiple Titles at New York State Championships

3/17/26 - World Cup Gymnastics had an outstanding showing at the New York State Championships held this past weekend at West Point Military Academy, bringing home four individual state titles and a total of 19 medals.

The Level 10 team was led by Eric Kwong, who earned the All-Around State Championship along with event titles on Floor Exercise and High Bar. Additional state champions included Grayson Drumm (Floor Exercise), Tommy Hansen (Still Rings), and Luka De Marco (Vault).

In addition to the gold medal performances, World Cup athletes secured three silver medals and 12 bronze medals, demonstrating the program's depth and consistency across events.

Coach Christina DiDona was also recognized for her excellence, earning Compulsory Coach of the Year honors.

"I'm really proud of how our boys competed," said Head Coach Bob Kayser. *"Everything we've done is building toward nationals, and now it's time to go earn our place at regionals in two weeks."*

The team now turns its focus to the upcoming regional championships, where athletes will compete for qualification to nationals.
